

AHMED KHALED ELSAYED

FRONT-END DEVELOPER | ANGULAR DEVELOPER | TYPESCRIPT | ENTERPRISE WEB APPLICATIONS

Alexandria, Egypt | +20 1027694583 | ak812554@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Front-End Developer with 5 years of professional experience building scalable, responsive, and high-performance web applications using Angular, TypeScript, and modern front-end technologies. Proven expertise in enterprise-level systems, travel booking platforms, ERP solutions, and micro-frontend architecture. Strong background in developing reusable UI components, integrating RESTful APIs, optimizing application performance, and delivering multilingual applications supporting both RTL and LTR layouts. Experienced working within Agile teams using Git, Jira, Docker, Kubernetes, and CI/CD pipelines to deliver high-quality software solutions.

WORK EXPERIENCE

Front-End Angular Developer Techeffic | Alexandria, Egypt

October 2025 – Present

- Develop enterprise-scale travel and booking applications using Angular and TypeScript.
- Build flight booking, hotel reservation, transportation, and sports ticket booking modules.
- Develop B2B and B2C back-office systems for reservation and travel management.
- Create reusable Angular components and shared libraries.
- Integrate RESTful APIs with front-end applications.
- Optimize application performance, scalability, and user experience.
- Develop multilingual applications with RTL and LTR support.
- Collaborate with cross-functional Agile teams throughout the software development lifecycle.

Projects: Wyanaa – Alkhamess – Bookto

Front-End Developer Ultimate Solution | Egypt

March 2023 – October 2025

- Developed enterprise ERP applications using Angular and Micro-Frontend Architecture.
- Built reusable and maintainable UI components.
- Integrated Angular applications with .NET Microservices.
- Developed Purchase Invoice, Debit Note, Driver Management, and Closing Period modules.
- Implemented Docker containerization and Kubernetes deployments.
- Supported CI/CD pipelines using GitLab.
- Improved application scalability and maintainability.

Front-End Developer Tawajood | Egypt

December 2021 – August 2022

- Converted Figma and Zeplin designs into responsive websites.
- Developed landing pages and business websites using HTML5, CSS3, Bootstrap, and SASS.
- Integrated booking, login, and review systems.
- Optimized application speed and cross-browser compatibility.

MAJOR PROJECTS

- **Enterprise Travel Booking Platform**
- **Enterprise booking system supporting:**
 - Flight Booking
 - Hotel Reservation
 - Transportation Services
 - Sports Ticket Booking
- **Technologies:** Angular • TypeScript • REST APIs • Bootstrap • Git • GitLab

- **Enterprise ERP System**

- Scalable ERP platform based on Angular Micro-Frontend Architecture integrated with .NET Microservices.

- **Modules:** Purchase Invoice • Debit Note • Driver Management • Closing Period

- **CI/CD & Deployment**

- Automated deployment pipelines using GitLab CI/CD with Docker and Kubernetes.

CERTIFICATIONS

- Angular Developer — Route Academy (2022)
- React Developer — ITRAX Academy (2021)
- Web Development Challenger Track — Egypt FWD (2021)
- Front-End Web Development — Hsoub Academy (2020)

TOOLS & TECHNOLOGIES

- Angular • React.js • TypeScript • JavaScript • HTML5 • CSS3 • SASS • SCSS • Bootstrap • Tailwind CSS • Angular Material • RxJS • REST APIs • JSON • Axios • Fetch API • Git • GitHub • GitLab • Docker • Kubernetes • GitLab CI/CD • Jira • Figma • Zeplin • ESLint • Prettier • Jest • React Testing Library • VS Code

SOFT SKILLS

- Problem Solving • Analytical Thinking • Teamwork • Communication • Adaptability • Time Management • Critical Thinking • Fast Learning • Attention to Detail • Continuous Learning

LANGUAGES

- Arabic: Native
- English: Advanced
